

BREW LUMINATI

All Seeing (Eye) PA

The Eye of Ra gazes upon bountiful fields of hops and barley. Carefully selected choice grain and hops create a divinely balanced Imperial Eye-PA. The 6 hop varietals and 6 hop additions create a layered hop explosion that will keep you searching for more. The Millenium hops provide a clean, smooth bitterness and are also a tip of the hat to our 1,000th brew.

Barley, Wheat and Oats form a pyramid of grain but you aren't supposed to talk about the malt in an IPA and we aren't supposed to talk about Brewluminati -- They are watching.
